

WORKER RIGHTS are CATHOLIC VALUES!

BC: BARGAIN WITH GRADUATE WORKERS NOW!

Rally and Picket Tuesday, March 10!

The **Boston College Administration** has refused to meet with graduate student workers to hear our concerns about pay, healthcare, and harassment and discrimination. Graduate workers teach classes, lead discussion groups, grade papers, and conduct groundbreaking research. Despite how important our labor is to the university, Father Leahy and Boston College administrators won't recognize our basic workplace rights. And in doing so, they're failing to honor Catholic social teaching about the dignity of work and rights of workers. We're taking action – join us on the picket line and at our rally!
