NATIONAL ELEVATOR INDUSTRY EDUCATIONAL PROGRAM MISSION STATEMENT

The National Elevator Industry Educational Program (NEIEP) is a joint labor-management educational trust fund serving the international union of elevator constructors (IUEC) and the employers who employ its members. Some of NEIEP’s main responsibilities are to manage and direct the implementation of curricula; design, administer and monitor probationary training and evaluation programs for all new hires entering the trade; administer a home study program for eligible students; and for instructors - conduct initial through advanced level seminars to improve teaching skills and techniques. The overall mission of NEIEP is to improve the knowledge and skills of apprentices and mechanics not only for their benefit, but also for the benefit of their employer and the industry.
