

FUND OUR FUTURE

Roundtable Discussion with State Legislators

Sen. Diana DiZoglio and Reps. Linda Dean-Campbell, James Kelcourse and Andy Vargas

All students deserve excellent public schools and colleges.

The Haverhill Education Association, American Federation of Teachers MA, Merrimack Valley Labor-Education Coalition, Massachusetts Education Justice Alliance, and Central Labor Council will be hosting a televised discussion with Merrimack Valley state legislators as they consider proposed funding legislation for public schools. Roundtable participants, who will include members from Haverhill and surrounding districts, will discuss the MTA-endorsed *Promise Act* and *Cherish Acts*, and the impact that competing bills would have on public school students and educators.

This is an excellent opportunity for students and educators to learn about public education funding on the state level and to hear from colleagues in Amesbury, Methuen, Haverhill, and in other communities in the Valley in their advocacy for full funding.

6 – 7:30 PM

**HC Media Studio
101 at Harbor Place
Haverhill, MA**

Admission is free and light refreshments will be provided. The program will be recorded and edited to a 30-minute segment which will be available to stream.
